

experience as well as experiences with student support and services at the University of South Alabama. The GSS is conducted electronically and data collection for the GSS occurred from February 2020.

Historically, the Office of Institutional Effectiveness administers the survey. However, the fall 2019 survey launch took place during the spring 2020 semester restructuring of the survey instrument. Students are invited to participate via emails sent to non-respondent students every three days until the close of the survey.
